Aman Rai

.NET Developer
amanrai965194@gmail.com — 7905804885 — linkedin.com/in/amanrai4885 — Mohali, India— Open to relocate: Noida / Gurgaon / Delhi NCR / Bangalore

Professional Summary

Results-oriented .NET Developer with 3+ years of experience in designing, developing, and maintaining enterprise web applications using ASP.NET Core, ASP.NET MVC, Web API, C#, Entity Framework, and SQL Server. Experienced in developing RESTful APIs, optimizing SQL queries, implementing business logic, integrating React.js frontends, and resolving production issues. Strong understanding of Agile development, software design principles, and delivering scalable, high-performance applications.

Technical Skills

- **Languages:** C#, SQL, JavaScript
- **Backend:** ASP.NET Core, ASP.NET MVC, Web API, Entity Framework, LINQ
- **Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, React.js, jQuery
- **Databases:** SQL Server, PostgreSQL, MySQL
- **Tools:** Visual Studio, VS Code, Git, GitHub, Postman, Docker, IIS, SSMS
- **Concepts:** REST APIs, Stored Procedures, Authentication, Authorization, Dependency Injection, Repository Pattern, SOLID Principles, Agile Development

Professional Experience

.NET Developer Mar 2023 – Present
Bloomwise Infotech Pvt. Ltd., Mohali

- Designed, developed, and maintained enterprise web applications using ASP.NET MVC and ASP.NET Core.
- Developed and maintained 15+ RESTful APIs for multiple business applications.
- Built SQL queries, Stored Procedures, Views, and backend business logic.
- Improved application performance by optimizing SQL queries and indexing strategies.
- Integrated React.js frontend applications with ASP.NET Web APIs.
- Diagnosed and resolved production issues while ensuring application stability.
- Collaborated with cross-functional teams in Agile development to deliver high-quality software.

Projects

AI ChatBot — ASP.NET Core Web API, React.js, Groq API

- Built a full-stack AI chatbot using ASP.NET Core Web API and React.js.
- Integrated Groq API to provide LLM-powered conversational responses.
- Designed secure backend APIs to protect API keys and process requests.
- Implemented error handling and response optimization for reliable user interactions.

Eazyshopee — School Book Purchase Platform

- Developed school registration and online book purchase workflows.
- Built backend REST APIs and SQL Server database logic.
- Implemented UI components for school selection and online purchase process.
- Optimized backend workflows for efficient order processing.

Pilgrim Book House — Online Bookstore

- Developed SEO APIs and management screens for SEO metadata.
- Implemented dynamic Meta Title, Meta Description, and Keywords management.
- Improved website content organization and search engine visibility.

School Management System

- Developed a web-based application to manage student and staff records.
- Designed REST APIs and SQL Server database schema.
- Implemented CRUD operations and optimized backend performance.

Certifications

Apprenticeship Training Aug 2022 – 2023
Techpile Technology Pvt. Ltd., Lucknow

- Completed 7-month hands-on training in .NET technologies including ASP.NET and SQL Server

Summer Training Jul 2021 – Aug 2021
Techpile Technology Pvt. Ltd., Lucknow

- Gained foundational knowledge in web development using HTML, CSS, JavaScript, and .NET

Education

Master of Computer Applications (MCA) 2024 – Present
Lovely Professional University (Distance Education)

Bachelor of Science (Mathematics) 2018 – 2021
Allahabad State University(Distance Education)

Diploma in Information Technology 2019 – 2022
Government Polytechnic Aurai, Bhadohi

Intermediate 2016 – 2018
Umeda D.I.C. Chaknanda, Mirzapur

High School 2014 – 2016
Ananti Inter College, Mirzapur
